

Our corporate partners strengthen Missouri S&T in many ways. They contribute to the success of our students by participating in career fairs, advising on curricula, serving on advisory boards and making strategic investments across campus. Their support provides us with resources to continue driving innovation, and it helps us prepare the workforce of the future.”

— Mo Deghani, Chancellor,
Missouri University of Science and Technology

Endowing scholarships and sponsoring student groups are just two of the many ways you can introduce your company to the nation's top talent.

What others are saying

- ✓ Missouri University of Science and Technology is ranked among the top schools for graduate earnings. *The Wall Street Journal* ranks S&T ninth in the nation for salaries and the *New York Times* ranks S&T second in the nation for high earnings, affordability and accessibility.
- ✓ *Money Magazine*: Ranks Missouri S&T one of the nation's best colleges, one of the best public colleges, and one of the best colleges in the Midwest in 2024.
- ✓ The Princeton Review: Missouri S&T is ranked third among the nation's top public universities for career placement and seventh on the list of best public universities for internships in 2024.
- ✓ Missouri S&T recently achieved elite R1 status, meaning your talent pipeline just got stronger. We've joined the nation's top tier of research universities with our Carnegie R1 classification, meaning the students you recruit offer your company hands-on research experience combined with our trademark problem-solving skills.

About Missouri University of Science and Technology

Missouri University of Science and Technology (Missouri S&T) is a STEM-focused research university of over 7,000 students located in Rolla, Missouri. Missouri S&T offers over 100 degrees in 40 areas of study and is among the nation's top public universities for salary impact, according to the *Wall Street Journal*. WHERE INNOVATIVE EDUCATION INTERSECTS WITH INDUSTRY

For more than 150 years, Missouri University of Science and Technology has been preparing extraordinary engineers to address some of the world's greatest challenges. With your partnership, we can continue this tradition and create an even greater impact.

MISSOURI S&T: YOUR STRATEGIC ADVANTAGE

Prepare great engineers

When you engage with Missouri S&T, your company joins a mission-driven community of leaders committed to sustaining our shared legacy for generations to come.

Meet your next hires

Missouri S&T graduates are among today's most sought-after STEM talent. If they don't know your brand, they're likely considering an offer from your competitor.

Drive brand visibility

From naming campus spaces to funding scholarships to partnering on critical research, we're ready to help you elevate your company's influence.

Make innovation possible

Supporting research by contributing necessary tools and equipment is a great way to boost your company's visibility and to foster connections with Missouri S&T faculty and students.

Shape the workforce of the future

Whether you're tapped as a mentor or to serve on an advisory board or a curriculum committee, your expertise is needed to prepare our students for the future.

Maximize financial advantages

As a qualified charitable donation to a state institution, your company's support is tax-deductible to the extent allowed by law. This distinction, unique to public universities, allows your contribution to directly advance education, research and innovation while providing potential state and federal tax benefits.

WHAT CORPORATE ENGAGEMENT WITH MISSOURI S&T LOOKS LIKE

Invest in students, build connections

Endowing scholarships and sponsoring student groups are both powerful ways to introduce your company to the nation's top talent.

Empower faculty to shape the future

Your support helps our faculty prepare the nation's top talent for the job market of the future.

Name a space, build your legacy

Drive your company's visibility while also supporting Missouri S&T's campus vision.

In-kind contributions with impact

From lab equipment to software to raw data for teaching and research purposes, your contributions put your name in front of the workforce of the future.

Thanks to hands-on learning and real-world experiences, Missouri S&T graduates are in demand and ready to shape the future. Our corporate engagement team is ready to help your company connect with them in the way that works best for you.
